8. The direction made in para 2 of G.O. No 7363-4 - Edn 67-12-7 dt 15-3-13 ("viz" to admit without further sanction of Govt freight & other incidental charges on the sanctioned items of consignments, if there is budget provision therefor") is sufficiently general that it may be made applicable to all the Departments. The Comptroller has perhaps thought it to be applicable only to the Education Department. He does not even refer to it in his present communication. May his attention be invited to that order & be informed that the direction given therein is a general one?

SIR,

Adverting to Government Order No.4030-1/Agri: 18-12-10 date 3rd February 1913, sanctioning the purchase of certain apparatus required for the Agricultural Chemist's Laboratory at a cost of £ 55-1-7 and forwarding a list of the apparatus, I have the honour to state that charges on account of freight and shipping, over and above the cost of articles mentioned in the list, have been admitted in audit as they had necessarily to be incurred and paid. As such incidental charges are generally claimed and admitted and as there are no definite rulings on the point I would suggest that the office submitting the estimates of the ~~list~~ cost of articles may be asked to include in the estimates these incidental charges, if he can state the amount approximately, or make a note on the estimates that they are inclusive of these charges, when he cannot do so. In the latter case these charges will be admitted on receipt of the bill on the authority of the Government sanctioning the estimates containing the above note.

I have the honour to be,
Sir,
Your most obedient servant,

for Comptroller.
